Post Office Letter List. TO ADVERTISERS. The circulation of the Faily and Tri-Weekly editions of the Patriot, combined, exceeds largely that of any other newspaper printed in Nashville. It is these editions that are generally used for advertising medium in the city.

Nashville subscribers to the Tennessee Farmer and Mechanic who do not have boxes in the Post Office, will find their papers in the count ing room of the Patriot.

Dwelling Burnt. tle rain was descending, an alarm of fire was given at the wharf is still dull. The weather for the past on Demumbrane street, near the Franklin Turn- few days has been exceedingly pleasant, with slight pike. We were early on the ground and found the conflagration to be in a handsome frame tenement, the residence of Mr. Sam, Pritchett. The fire originsted in the kitchen, and as the servants state, under a bed, a satisfactory explanation of which we were unable to obtain; but heard the frequent remark that it must have been caused by an incendiary. The kitchen being a log building, the University will celebrate the birthday of Washingflames were slow in reaching the dwelling, giving ton, at the Nashville Theatre, on Monday 23d inst. ample time to remove most of the Purniture, and at 71 o'clock P. To the above loss must be added the damage done to shrabbery, fences, cistera, &c., which was considerable, and can only be replaced at a heavy expense and a long lapse of time.

The different fire companies of the city, were as promptly on the spot as the distance from their engine-houses would permit. But owing to the operation until the building was principally con-

The woman had left the kitchen, and upon returning, discovered the flames filling the room, and to all appearance, entirely cutting off all possibility of reaching the bed where her child lay, and which wis completely enveloped in the burning mass, but, being nerved by those feelings of a mother, that makes her forget all thoughts of self, when her offspring is in danger. She plunged into the fiery element, and rescued the child from what appeared certain destruction; both mother and child being severely burned, and as we learn, the child especialty, dangerously so. of, and it is at least, gratifying to know that during such feerful times, human lives are no oftener made a sacrifice.

FATAL AFFRAY .- A gentleman of this city who has just returned from Cannon county, informs us that an affray occurred at Woodbury, a few days since, between two men, named respectively, Elrod and Stovall, which has terminated fatally, They had previously been excellent friends, and on the evening of the difficulty, were drinking together, when a dispute arose which ended in a resort to deadly weapons. Elrod received a cut in the abdomen with a knife in the hands of his adversary. from which he died, after lingering several days.

At a late meeting of a committee, appoint ed by the New York City Councilmen, to inquire into the reason for the increase of the price of gas of the Manhatian Company, the President of that Company made some interesting statements of the Company's workings. He said it was impossible to have any regular standard of pressure in any gas works, on account of the quality of the gas at different times, the quantity required, the eleva tions, depressions and distances. In 1842 there were only fifteen miles of pipe laid, while now there are near two hundred. The company then made 50,000 cubic feet per day, while now the quantity reaches often 2,500,000 feet per day. He said that during the last three months of the year 1856, 2.300 new consumers were added to the company's list, requiring a greater pressure of gas. He said that the increase of pressure was of no advantage to the company. That it increased leakage on account of the incapacity of the mains-The increase of pressure in 1842 was half inch. but the President was not certain whether another such increase of consumers would require a corresponding increase of pressure. The mains, he says, are insufficient for the increase of pressure re-

Great Cure of Rheumatism in Cincinnati, Ohio -Convincing Evidence.-For more than three years I have been suffering with rheumatism, and enlargement and pain of the bones and joints. I have stricily followed the solvice of physicians, and at other times used such family medicines as had been recommended for the cure of rheumatism; still I did not improve in the least, and was frequently compelled to keep my bed, and thereby was prevented from artending to my business. Some weeks ago The effect was miraculous, I felt considerably improved The damage by the freshet to the Illinois and after I had taken the fourth dose; I have only used one single bottle, and am entirely free from all pain. I feel better than I have folt for years, and I attribute my com pletely restored health solely, to the use of Carter's Spanish Mixture. I consider it a most excellent medicine for rheumatism and all diseases of the blood, and cheerfully recommend it to the afflicted. D. BURRITT. South-east corner Fourth and Wa nut streets.

THE REIGH OF ART .- In this wonderful age, Art lays her master touches on almost everything. The cellings over us and the carpets we tread on, are ballowed by Art. Art Barege and Jackson Robes, winds the railway through the mountains and the mud; makes her machines of wood and iron, to act as if with knowledge and annihilates space with lightning tamed down to the tuteledge of a boy. Nothing is too lofty for her touch and nothing too humble. A new proof of this old conviction has just fallen under our notice, in the shape of a CATHARvic Pill, from the Laboratory of that world renowned

Chemist, Dr. C. J. ATER. If we understand the subject, he has carried that article to the farthest perfection of which it is capable. Instead of employing Drugs in its composition, as we have always thought the necessary and only way, he has with consumployed and combined them alone in their purity together. The composition is then mixed and rolled by machinery and steam power into a sperold pill which is wrapped in an envelope of gelatine, for protection from the effects of weather or time, and then thickly coated with sugar, to serve as its passport over the palate. Netwithstanding all the labored perfection they are offered to the Public at less than one centeach. However humble the department, we think this may be eafely characterized as the consummation of Art in its line .- Morning News. Bud.

in store about the 1st of March, a stock of 500 cases as A PERFUMED BREATH .- What lady or gentleman would remain under the curse of a disagreeable breath when by using the "Balm of a Thousand Flowers" as a dentrifice, would not only render it sweet but leave the teeth white as alahaster? Many persons do not know that their breath is bad, and the subject is so delicate their friends will never mention it. Pour a single drop of "Palm" on your

tooth brush and wash the teeth night and morning. A fifty cent bottle will last a year. A BEAUTIFUL COMPLEXION may early be acquired by using the "Balm of a Thousand Flowers." It will remove tan, pimples and freckles from the skin, leaving it of a soft and reseate hue. Wet a towel, poor on two or three drops, and wash the face night and morning.

SHAVING MADE EASY .- Wet your shaving brush in either warm or cold water, pour on two or three drops of "Balm or a Thousand Flowers," rub the beard well, and t will make a beautiful soft lather, much facilitating the operation of shaving. Price only fifty cents. For sale by all Droggists. Beware of ounterfeits. None genuine unless signed by
